Mission Statement

The mission of the Newton Schools Foundation is to enhance and broaden community support for public education and to provide funding for innovative and challenging programs in the Newton Public Schools. This private, 501 (c)(3) non-profit community foundation is governed by a Board of Directors which represents community and business leaders, parents and teachers.

Project Overview:

This grant will address the achievement gaps at NSHS by directly attacking critical needs in Curriculum II courses – the need for consistency across the school in terms of expectations for academic work and behavior, and the need for improved instructional techniques.

In addition to providing funding for a curriculum II coach to work with teachers on improving instruction in curriculum II, the grant will provide funding for Curriculum II teachers to meet over the summer to define common goals and ways to achieve those goals for academic work and content taught.

A Great Community Supports Great Schools
